[Back to Top](#)

Each entry includes a unit code, tutorial group (if applicable), lecturer's initials, course group and year level (see 'CODES' below) and room. Tutorial groups are indicated by 'U' through 'Z', depending upon the number needed.

*Example:* CO161X JR ss1 D1 – the unit is CO161, tutorial group X; JR is the lecturer; first year Social Sciences is the course group.

A standard unit of 10 credit points involves 3 hours of class contact per week, consisting of 2 hours of whole-class lectures and a 1-hour tutorial. Where a variation to this applies or there is further information about a unit, a number will appear in brackets after the timetable entry. This number correlates to an *Explanatory Note* below. You must ensure that you read and understand the Explanatory Notes for the units in which you enrol.

- (1) CR181 has 4 hours of contact per week, consisting of Geography and History modules of 2 hours each (1-hour lecture and 1-hour tutorial). Students are to attend the same tutorial group (W/X/Y/Z) for both modules.
