Rationale	<p>Effective communication is an important factor for success in today's world, in both the academic and professional contexts. Students need to gain a sound understanding of the skills, strategies and conventions of academic study in order to satisfy the requirements for tertiary study.</p> <p>This unit will provide students with the skills and processes associated with effective written and other forms of communication. In addition, students will explore study methods, writing and research skills, as well as the important area of critical thinking in order to enhance and further develop the experience of learning and its application in the diverse fields in which study and work occur.</p>
